

BOURNE & CO – TESTIMONIAL

Bourne & Co were initially approached by Paul Hiorns to sponsor a feature on a clients business. He accommodated our needs and we were happy with the published feature and our advert.

When we were subsequently asked if we would be interested in a feature on our own business we had no hesitation in saying yes.

The process of providing the necessary information to Paul was simple and he showed great patience during the holiday period for us and suppliers.

The feature was prepared by Rachel from her research into our business and few amendments were required. We were pleased with the finished article and with the copy provided on request for display.

Overall we have been happy with our involvement with Inbusiness and hope that the feature generates support for Bourne & Co and the suppliers who supported us.
