

Cambridge City Football Club

To: In Business East England

Hi Louise,

Thanks for such an excellent article on Cambridge City FC in the June edition of 'In Business', which will hopefully help to increase awareness amongst businesses in the East of England about what we offer, both in terms of all our Football In the Community activities and to potential sponsors. I have been extremely impressed by all our contact with you, including your understanding of our business as demonstrated in the feature article about our Club and its history. It is good to work with such a professional outfit.

Please thank Richard Levins, too, for all his input, especially as we were getting close to the publishing deadline

With best wishes,

Roger de Ste Croix
Director,
Cambridge City Football Club
